

## Annual Report 2022-23

### NRI INSTITUTE OF TECHNOLOGY

#### A. About IIC Institute

- **Vision**

To encourage students and staff members' creativity, critical thinking, idea development, and entrepreneurial skills so they can develop their original ideas into prospective businesses that will advance society.

- **Mission**

- To instill an innovative culture within the organisation.
- To provide labs, infrastructure, and mentoring facilities to help students become ready for competitions at the national and international levels for hackathons.
- To develop an interdisciplinary research, innovation, and interaction ecosystem.
- To improve students' abilities to communicate effectively, conduct business, manage their teams, exercise leadership, and solve complicated problems.
- To promote understanding of and access to intellectual property rights

- **Journey of IIC established at the Institute**

Institute has successfully established the institute innovation council (IIC) in the year 2018-19 as per the norms and directives of MHRD Innovation Cell, to systematically foster the culture of innovation in the institute. IICs are responsible for conducting the activities as per activity calendar provided by MHRD Innovation Cell.

In addition to the Institute level and National level activities suggested in the activity calendar, IICs are also given scores for organizing self driven activities. At the end of an academic year, IICs are awarded with a rating certificate from MHRD Innovation Cell, AICTE and Ministry of Education. IIC 2.0, completing its activities in the month of August 2020 for academic year 2019-20, has been awarded with 5 stars placing itself among top 125 IICs all over India.

IIC of NRI INSTITUTE OF TECHNOLOGY had achieved 2 Star rating for the Academic year 2021-2022, got financial support for organizing Impact Lecture Series, 13 Innovation Ambassadors got Foundation Level Training to inculcate the Innovation culture in the campus and linked up with the nearby ATL Schools.

For the Academic year 2022-2023, i.e., IIC – 5.0 NRI INSTITUTE OF TECHNOLOGY had successfully organized the following events with the support of the IIC team members.

## Intellectual Property Rights Brief History

The laws and administrative procedures relating to IPR have their roots in Europe. The trend of granting patents started in the fourteenth century. In comparison to other European countries, in some matters England was technologically advanced and used to attract artisans from elsewhere, on special terms.

The first known copyrights appeared in Italy. Venice can be considered the 'cradle' of IP system as most legal thinking in this area was done here; laws and systems were made here for the first time in the world, and other countries followed in due course. Patent act in India is more than 150 years old. The inaugural one is the 1856 Act, which is based on the British patent system and it has provided the patent term of 14 years followed by numerous acts and amendments.

Intellectual property (IP) pertains to any original creation of the human intellect such as artistic, literary, technical, or scientific creation. Intellectual property rights (IPR) refers to the legal rights given to the inventor or creator to protect his invention or creation for a certain period of time. These legal rights confer an exclusive right to the inventor/creator or his assignee to fully utilize his invention/creation for a given period of time. It is very well settled that IP play a vital role in the modern economy. It has also been conclusively established that the intellectual labor associated with the innovation should be given due importance so that public good emanates from it.
