Driving Safety Awareness Campaign

NRI NSS Unit organized a driving safety awareness camp in the college. City Police Commissioner Ch Dwaraka Tirumala Rao addressed the gathering. ADCP (Traffic) Madhan Reddy participated in the campaign. Speaking on the occasion, Madhan Reddy told the students about traffic rules and exhorted them to follow them to save their valuable lives. He mentioned that observation was key to avoid road accidents and urged the students to avoid use of mobile phones, speeding and drunken driving. Awareness Camp on Physical Education

NRI NSSUNIT visited MPUP school on 22-11-2018 to create awareness of physical education. Physical Director of our college P. Gauwtam explained the importance of PE.

Physical Education-

HELPS PREVENT CHILDHOOD OBESITY

Regular exercise helps prevent obesity. Children are spending countless hours sitting during school hours and spending more time at home playing video games or watching hours of television. Kids who live a sedentary lifestyle are at risk of becoming obese at an early age.

HELPS THEM FOCUS

How well do you function when you don't get time away from your work? Kids aren't any different. They need more than one break during the day away from learning in order to have the ability to focus all of their attention in the classroom. P.E. class and recess help give children the opportunity to burn off their excess energy so that they don't have pent up energy.

REDUCES THEIR STRESS LEVEL

School districts are putting more stress on teachers to teach children the core classes. Educators are forgetting about how the stress trickles down to the children too. Children are now expected to spend hours studying at home; in addition, kids are spending 7 or more hours engaging in learning new material. Without physical education and recess, kids no longer have a way to help release their stress levels.

Finally, It can be said that different people have different opinion regarding this kind of approach which can be valued to a certain extent so we cannot support or go against any of the views but we the NRI NSS unit firmly believe that physical Education is really beneficial for learners and the same was explained to M.P.U.P School students and staff.

Donate to Kerala Flood Victims

Heavy rains and floods have created havoc in Kerala. Houses of lakhs of people have been waterlogged and destroyed; leaving them displaced and forced to take refuge in relief camps. Unfortunately, hundreds have been marooned in their own houses, without food, water, electricity and other basic supplies. And to do our bit, during the worst times our NRI NSS Unit want to join hands to donate money for Kerala Flood Relief and rehabilitation.

PLANTATION

Knowing the importance of environmental protection and the facts of pollution, the NSS volunteers planted 200 saplings starting from the pothavarapadu village to the end of Agiripalli on 13-07-2018. Till now since 5 years the NSS unit planted more than 900 saplings in the adopted village and also in the college premises. The NSS volunteers created awareness on importance of tree plantation and global warming to MPUP School children and also to villagers. They visited every house and informed to plant a tree to protect the environment for future generation. Some of the planted saplings were given protection with the help of cement tree guards. The tree guards were obtained by various donors from the village as well as alumni of NRI College. The programme was inaugurated by Mrs. GhousyaBegum, MPDO Agiripalli mandal.
