PLANTATION

Knowing the importance of environmental protection and the facts of pollution, the NSS volunteers planted 200 saplings starting from the pothavarapadu village to the end of Agiripalli on 13-07-2018. Till now since 5 years the NSS unit planted more than 900 saplings in the adopted village and also in the college premises. The NSS volunteers created awareness on importance of tree plantation and global warming to MPUP School children and also to villagers. They visited every house and informed to plant a tree to protect the environment for future generation. Some of the planted saplings were given protection with the help of cement tree guards. The tree guards were obtained by various donors from the village as well as alumni of NRI College. The programme was inaugurated by Mrs. GhousyaBegum, MPDO Agiripalli mandal.

SWACHH BHARAT

Swachh Bharat Abhiyan is also called as the Clean India Mission or Clean India drive or Swachh Bharat Campaign. It is a national level campaign run by the Indian Government to cover all the backward statutory towns to make them clean. This campaign involves the construction of latrines, promoting sanitation programmes in the rural areas, cleaning streets, roads and changing the infrastructure of the country to lead the country ahead. Nearly 30 volunteers participated in Swachh Bharat that aims up to clean up the weeds and created awareness in around Kanasanapalli on 17 October 2019. For our enthusiastic performance and active participation, our honorable chairman, director and principal of our college appreciated and encouraged all volunteers to involve in other such campaigns.
